## Air Handling Systems Releases Dust & Fume Collection Catalog

**Air Handling Systems** has released its new, 32-page Dust & Fume Collection catalog that contains thousands of industrial grade fittings, spiral pipe, and flexible hose that are quick, adaptable, and easy to install.

Based in Woodbridge, CT, Air Handling Systems manufactures dust and fume collection components, warehouses and distributes various flexible hoses, all for a variety of commercial and industrial customers. They include industries such as woodworking, aerospace, paper, pharmaceutical, chemical, and plastics.
